SHOW RULES & REGULATIONS

October 26, 2019 / Connecticut Convention Center / Hartford, CT

SHOW RULES AND REGULATIONS

- * Exhibitors are expected to have personnel attending their booths **at all times** during Show Hall hours.
- * Fire and safety regulations require that aisles be kept clear at all times. Please be sure that your tables and other booth furnishings remain within the limits of your booth; display materials cannot be placed past the edge of your side drape line. We recommend that you place your table further back in your booth. This invites attendees to enter your booth and avoids the appearance of overcrowding, which discourages additional visitors.
- * Leafleting and other promotional activities must take place within the confines of your booth, not in the aisles or doorways.
- * No hand-written signs may be used at the Show. Also, taping or pinning of display materials to the walls of the Connecticut Convention Center or to the booth draping is strictly forbidden. If additional S hooks are required to hang banners, please see a staff member onsite.
- * Noise Complaints – Please be aware of the noise coming from your booth. Any music or TV’s within your booth space must be played at levels that do not disturb exhibitors around you, and does not interfere with conversations with attendees. No bull horns or other such loud devices are permitted to be used at the show. Any such complaints that come from neighboring exhibitors or attendees, offending exhibitor must cease activities all together. Show Management reserves the right to remove such activities or exhibitor from the floor if not compliant.

MATERIAL HANDLING

If you are shipping your materials to either the advanced warehouse or direct to the Convention Center all shipments received will incur a material handling charge to deliver to your booth. We have negotiated discounted material handling charges with Demers Exposition Services, depending on the size of your shipment. Please refer to pages 14 & 15 of the Demers exhibitor services kit for a list of those fees.

If you are bringing your materials with you and not shipping in advance, please be sure to bring a two-wheeled cart to move your materials as carts will be very limited onsite, no fees will be incurred when you bring your own materials.
